The service must be completed during the student's time off school. Students perform all personal services on each other. Students may only perform services they are trained to do. The services must be completed in one session and approved by the styling area educator. The student will be given a voucher during the monthly celebration. The student providing the service will complete a service ticket as if they were for any other floor client. At the completion of the student service the voucher will be given to the front desk for check out. Services are not transferrable to a different month or another student. The voucher is void if on a leave of absence, after a withdrawal, or termination or if the student has graduated. Rules for these services are those in force at the time of the service and are subject to change.

Time Clock Policy

Students must use the scanner to clock in at the beginning of their shift, lunch/dinner breaks, and at the end of their shift. The time clock is how the student receives and records hours – it's an electronic signature. All students are responsible for their own hours. Students risk being dropped for falsifying time clock hours. Occasionally, a student may forget to clock in or out. If this happens, the student must notify the financial aid administrator immediately upon arriving to school for their next scheduled class or floor time. Time will not be corrected for habitual offenders.

Get full credit for all your training and graduate on schedule. Use the time clock scanner to help achieve this goal. Accurate records document attendance and can affect financial aid and additional tuition charges. Student hours are provided to the students monthly. Students should go to their team leader with questions regarding their time.

Photo Release

Student photos may be used in marketing. If you do not wish for your image to be featured in school promotional materials, please contact the Admissions Office.

Responsibility for Catalog Information

Each student is responsible for knowing the information in this catalog. The school reserves the right to update policies and / or revise the curriculum.

ATTENDANCE AND TARDINESS POLICIES

Call the front desk at 573-335-9977 to report an absence. Absences must be reported by 8:30 AM; if a student does not call to report an absence by this time, they will receive a write-up. If a student receives 3 write-ups, they will be suspended for one day. For every additional write-up, a one-day suspension is issued. Students should not leave the school during the day except for lunch breaks. Special and emergency time off can be granted by an administrator. **If absent on the day of an exam, the student must take the exam on the following day of attendance at the school; if the exam is not taken on the first day back, the exam grade will be entered as a "zero."** Exams can be taken in advance for an approved absence. Reasons for absence may include but not limited to: Funerals, participation in a wedding party, or doctor's excuse. **Students are required to maintain an 80% attendance rate in order to meet the school's Satisfactory Academic Progress Policy.**

Students scheduled to begin class at 9:00 AM should arrive by 8:45 AM. Students scheduled to be in class at 1:00 PM should arrive by 12:45 PM. **Students who are expecting to be late to class or the clinic must contact the school by the beginning of their scheduled shift to let the staff know of their situation.** Any student who fails to contact the school by this time will be marked absent and will be sent home for the day.

Leave of Absence Policy

A student who has prior knowledge that they will be absent from school for several days at a time may qualify for a Leave of Absence (LOA). Days taken on LOA are separate from standard absences and will extend a student's contracted graduation date. A student may be granted a LOA for any of the following reasons and where there is a reasonable expectation that the student will return from the LOA:

1. Financial Hardship
2. Medical / Health Issues
3. Personal / Family Emergencies
4. Vacation (only after completing 900 clock hours; for Cosmetology students only)

The *minimum* amount of time for a LOA is five calendar days, and the *maximum* is 180 calendar days within a calendar year (12 months). The school permits more than one LOA per student, provided the total number of days of all LOAs does not exceed 180 calendar days within a 12 month period. **If the student does not return from LOA on the day they are scheduled to return, the student will be withdrawn from the school.** The school is required to take attendance and therefore the withdrawal date for the purpose of calculating a refund will be the student's last date of attendance. On the day the student returns from a LOA, they are required to complete an enrollment agreement addendum. The student's contracted graduation date will be extended for the same number of days as the LOA, without any additional institutional charges or penalty incurred.

Any LOA must be requested and approved in writing prior to beginning the LOA. In addition, the student is required to list the reason for the LOA and provide their signature on the LOA form. An Emergency LOA, without prior written request, may be granted provided the student completes the LOA form and returns it to school via mail or in person within reasonable resolution of the emergency. A student who is granted a LOA that meets the above mentioned criteria is not considered to have withdrawn from the school and a refund calculation is not required. Students return to school in the same Satisfactory Academic Progress status as prior to the LOA.

ACADEMIC INFORMATION / REQUIREMENTS

Graduating Requirements

Both theory and practical work are important. Students are evaluated on a level system to prepare them for a career in professional salons. All work must be completed to graduate.

The following are required for graduation from all programs.

- Completion of state required hours
- Completion of all assignments and tests
- Payment of all tuition, fees and over contract fees

After all requirements are met, the student must schedule an appointment with school administration to complete the graduation and exit counseling process.

Graduation

Graduates earn and are awarded a diploma. A graduation ceremony is held for students twice yearly, in June and December. Family and friends are welcomed and encouraged to attend. If a student has not completed all clock hours required to graduate, their ability to participate in the graduation ceremony for their entering class will be determined by administrative review. Any student with more than 150 clock hours left to graduate will not be allowed to participate in the graduation ceremony, but may participate in a future ceremony once their clock hour requirements are met.

Grades

Grades are given for classroom work, projects and styling area performance. Work habits, appearance, conduct, initiative, cooperation, and attendance are also considered. The school uses the following 100 point grading scale:

- A 92-100
- B 87-91
- C 80-86
- F Below 80 is Failing

Student Grade Report Policy

Each student is provided with at least four written report cards during the program. The report evaluates the students' performance in theory, practical work and attendance.

Additional Educational Opportunities

Additional educational events are offered periodically to the students.

Academic Advising & Professional Assistance Referral Policy

Students are advised regarding progress and achievement during Satisfactory Academic Progress evaluations and on an as needed basis. Information and advice regarding licensing regulations, reciprocity, employment, continuing education opportunities, and financial assistance is available to students as it is needed.

Trend Setters School of Cosmetology, Inc. provides academic advice to all students. The faculty and staff are available by appointment or informally to meet with the students to discuss any obstacle that may be in the way of success. Students may be referred to professional counseling in the community. Contact information for professional assistance is available on the school bulletin board and in the school administrator's office.

SATISFACTORY ACADEMIC PROGRESS POLICY

The Satisfactory Academic Progress Policy is consistently applied to all students enrolled at the school. It is printed in the catalog to ensure that all students receive a copy prior to enrollment. The policy complies with the guidelines established by the National Accrediting Commission of Career Arts and Sciences (NACCAS) and the federal regulations established by the United States Department of Education.

EVALUATION PERIODS

Students are evaluated for Satisfactory Academic Progress as follows:

Cosmetology	450, 900, 1200, and 1500 clocked (actual) hours
Teacher Training	300 and 600 clocked (actual) hours
Manicuring	200 and 400 clocked (actual) hours

Transfer students will be evaluated at the midpoint of the contracted hours or the established evaluation periods, whichever comes first.

Evaluations will determine if the student has met the minimum requirements for satisfactory academic progress. The frequency of evaluations ensures that students have ample opportunity to meet both the attendance and academic progress requirements of at least one evaluation by midpoint in the course or academic year, whichever occurs sooner.

ATTENDANCE PROGRESS EVALUATIONS

Students are required to attend a minimum of 80% of the hours possible based on the applicable attendance schedule in order to be considered maintaining satisfactory attendance progress. Evaluations are conducted at the end of each evaluation period to determine if the student has met the minimum requirements. The attendance percentage is determined by dividing the total hours accrued by the total number of hours scheduled. At the end of each evaluation period, the school will determine if the student has maintained at least 67% cumulative attendance since the beginning of the course which indicates that, given the same attendance rate, the student will graduate within the maximum time frame allowed.

MAXIMUM TIME FRAME

The maximum time (which does not exceed 125% of the course length) allowed for students to complete each course at satisfactory academic progress is stated below:

COURSE	MAXIMUM TIME ALLOWED	
	WEEKS	SCHEDULED HOURS
Cosmetology (Full time, 30 hrs/wk.) - 1500 Hours -	62.5	1875
Teacher Training (Full time, 30 hrs/wk.) – 600 Hours -	25	750
Manicuring (Full time, 30 hrs/wk.) – 400 Hours -	17	500

The maximum time allowed for transfer students who need less than the full course requirements or part-time students will be determined based on 80% of the scheduled contracted hours. Any student exceeding their maximum time frame date 1.) will continue to be charged the \$5.66 per-hour rate for hours remaining after the contract graduation date, and 2.) will additionally be charged the full amount for any scholarship awarded at enrollment. All charges are due in full before completion of the program.

ACADEMIC PROGRESS EVALUATIONS

The qualitative element used to determine academic progress is a reasonable system of grades as determined by assigned academic learning. Students are assigned academic learning and a minimum number of practical

experiences. Academic learning is evaluated after each unit of study. Practical assignments are evaluated as completed and counted toward course completion only when rated as satisfactory or better (the computer system will reflect completion of the practical assignment as a 100% rating). If the performance does not meet satisfactory requirements, it is not counted and the performance must be repeated. At least two comprehensive practical skills evaluations will be conducted during the course of study. Practical skills are evaluated according to text procedures and set forth in practical skills evaluation criteria adopted by the school. Students must maintain a written grade average of 80%. Students must make up failed or missed tests and incomplete assignments. Numerical grades are considered according to the following scale:

- A 92-100
- B 87-91
- C 80-86
- F Below 80 is Failing

DETERMINATION OF PROGRESS STATUS

Students meeting the minimum requirements for academics and attendance at the evaluation point are considered to be making satisfactory academic progress until the next scheduled evaluation. Students will receive a hard-copy of their Satisfactory Academic Progress Determination at the time of each of the evaluations. Students deemed not maintaining Satisfactory Academic Progress may have any scholarship funds revoked, unless the student is on warning.

WARNING

Students who fail to meet minimum requirements for attendance or academic progress are placed on warning and considered to be making satisfactory academic progress while during the warning period. The student will be advised in writing on the actions required to attain satisfactory academic progress by the next evaluation. If at the end of the warning period, the student has still not met both the attendance and academic requirements, the student will have any scholarship funding awarded at enrollment withdrawn, with the full balance of tuition applied to the remainder of their account.

RE-ESTABLISHMENT OF SATISFACTORY ACADEMIC PROGRESS

Students may re-establish satisfactory academic progress and scholarship funds awarded, as applicable, by meeting minimum attendance and academic requirements by the end of the warning or probationary period at the next scheduled evaluation.

INTERRUPTIONS, COURSE INCOMPLETES, WITHDRAWALS

If enrollment is temporarily interrupted for a Leave of Absence, the student will return to school in the same progress status as prior to the leave of absence. Hours elapsed during a leave of absence will extend the student's contract period and maximum time frame by the same number of days taken in the leave of absence and will not be included in the student's cumulative attendance percentage calculation. Students who withdraw prior to completion of the course and wish to re-enroll will return in the same satisfactory academic progress status as at the time of withdrawal.

NONCREDIT, REMEDIAL COURSES, REPETITIONS

Noncredit, remedial courses and repetitions do not apply to this institution. Therefore, these items have no effect upon the school's satisfactory academic progress standards.

TRANSFER HOURS

With regard to Satisfactory Academic Progress, a student's transfer hours will be counted as both attempted and earned hours for the purpose of determining when the allowable maximum time frame has been exhausted.

GRIEVANCE POLICY

Grievance procedures are provided for students who believe that they have been unlawfully discriminated against, unfairly treated, or harassed in any way. Academic grievances relates to a complaint about a course, program of study, or grade. Students are expected to address any disagreements or conflict directly with the individual involved in person with a written document outlining the complaint and communication. After this, if there is no satisfactory resolution, the student may set an appointment to see the school administrator. All communications regarding the complaint must be in writing and all meetings and communications will be documented in the student files.

The grievance policy is as follows:

1. Complaints against students or employees must be made within one week of the issue.
2. If the complaint cannot be resolved formally the student shall write up the details and submit to the school director who will research the issue and respond with a resolution. Once received, solutions will be evaluated and returned within 10 business days with a resolution
3. If the complaint cannot be resolved after exhausting the institution's grievance procedure, the student may contact:

Missouri State Board of Cosmetology and Barber Examiners
PO Box 1062 Jefferson City, MO 65102
573-751-1052

WITHDRAWAL AND REFUND POLICY

Any student who wishes to withdraw from the school must provide a written statement to school administration explaining the reason for withdrawal. Hours accrued will be accounted for and mailed to Missouri State Board of Cosmetology and any other accrediting or loan offices. Any refunds will be made within 45 days. A payment agreement will be arranged for all outstanding balances. If a student is absent for 14 consecutive days and has not called or communicated with the school, this is considered a withdrawal and the student will be terminated. See this catalogue's *Refund Policy* section for information regarding withdrawal fees.

For applicants who cancel enrollment or students who withdraw from enrollment a fair and equitable settlement will apply. The following policy will apply to all terminations for any reason, by either party, including student decision, course or program cancellation, or school closure. Any monies due the applicant or students shall be refunded within 45 days of official cancellation or withdrawal. Official cancellation or withdrawal shall occur on the earlier of the dates that:

1. An applicant is not accepted by the school. The applicant shall be entitled to a refund of all monies paid.
2. A student (or in the case of a student under legal age, his/her parent or guardian) cancels his/her enrollment in writing within three business days of signing the enrollment agreement. In this case all monies collected by the school shall be refunded, regardless of whether or not the student has actually started classes.
3. A student cancels his/her enrollment after three business days of signing the contract but prior to starting classes. In these cases he/she shall be entitled to a refund of all monies paid to the school less the non-refundable enrollment fee of \$50.00.
4. A student notifies the institution of his/her withdrawal in writing.
5. A student on an approved leave of absence notifies the school that he/she will not be returning. The

date of withdrawal shall be the earlier of the date of expiration of the leave of absence or the date the student notifies the institution that the student will not be returning.

6. A student is expelled by the school. (Unofficial withdrawals will be determined by the institution by monitoring attendance at least every 14 calendar days.)
7. In type 2, 3, 4 or 5, official cancellations or withdrawals, the cancellation date will be determined by the postmark on the written notification, or the date said notification is delivered to the school administrator or owner in person.
- For students who enroll and begin classes but withdraw prior to course completion (after three business days of signing the contract), the following schedule of tuition earned by the school applies. All refunds are based on scheduled hours:

PERCENT OF SCHEDULED TIME ENROLLED TO TOTAL COURSE/PROGRAM	TOTAL TUITION SCHOOL SHALL RECEIVE/RETAIN
0.01% to 04.9%	20%
5% to 09.9%	30%
10% to 14.9%	40%
15% to 24.9%	45%
25% to 49.9%	70%
50% and over	100%

- All refunds will be calculated based on the students last date of attendance. Any monies due a student who withdraws shall be refunded within 45 days of a determination that a student has withdrawn, whether officially or unofficially. In the case of disabling illness or injury, death in the student's immediate family or other documented mitigating circumstances, a reasonable and fair refund settlement will be made. If permanently closed or no longer offering instruction after a student has enrolled, the school will provide a pro rata refund of tuition to the student OR provide course completion through a pre-arranged teach out agreement with another institution. If a course and/or program is cancelled subsequent to a student's enrollment, and before instruction in the course and/or program has begun, the school will either provide a full refund of all monies paid or provide completion of the course and/or program. PRE-ENROLLMENT INFORMATION

Outcome Rates

Trend Setters School of Cosmetology, Inc. annually reports the school's graduation, licensure, and placement rates for each offered program. The most recent report was submitted for students in the 2013 graduation cohort. Outcome rates for those students enrolled in the Cosmetology program are as follows:

- Graduation: 82.69% (enrolled students who finished the program)
- Licensure: 100% (graduates who sat for and passed state licensure exams)
- Placement: 77.27% (graduates who went on to find employment in the greater beauty industry)

Compensation Expected

Graduates earn from \$25,000-\$35,000 in salary and gratuities in an entry level position depending on the work schedule and the area population. A commission scale is commonly used to pay cosmetologists resulting in much higher pay after an introductory period of several months. Retail commissions are also common. Many salons now offer benefits resulting in higher earnings.

Physical Demands

There are physical demands placed on the body in any career. In cosmetology, care must be taken to protect your back, legs, and feet. One way to this is strength training to enhance your back, abdomen and leg muscles. Regular weight lifting exercises will benefit individuals in this profession. Regular exercise will help promote all over body conditioning, and improve circulation in your legs and feet. We recommend consulting your doctor before beginning any exercise program.

Because this job requires that you stand for long periods of time, it is suggested that you wear proper fitting, supportive shoes, and support hose. These are not a requirement but will help to increase your chances of longevity in the profession.

Levels of Achievement- The student will be taught a career building system to develop salon readiness skills in client development, client retention, and chemical sales performance, add on services and retail performances.

Career Planning, Placement, and Academic Advising

The school assists students with job placement. Employers are encouraged to interview students, and every effort is made to secure a job opportunity for each graduate. Students are prepared to seek employment during the latter part of training. Job opportunities are announced and posted. However, the institution does not guarantee or imply job placement directly or indirectly. There is no additional charge for job placement assistance.

The school also provides academic and career advice to all students including professionalism, resume development, interview preparation and job search skills. The faculty and staff are available by appointment or informally to meet with the students to discuss any obstacle that may be in the way of success.

Additionally, student advising takes place during Satisfactory Academic Progress evaluations.

Reciprocity (Obtaining Licensure In Other States)

Licensed cosmetologists from Missouri may apply for licenses in their fields of expertise in other states and must comply with each states laws and rules to become licensed there. The school maintains comprehensive resources for students intending to obtain licensure and work in Illinois; for more information, please contact the admissions office.

Licensing Requirements and Job Opportunities

To become licensed in cosmetology in Missouri, students must complete the required number of programs hours of approved training, graduate from an approved school, and pass the state board exam. There are many opportunities open to licensed cosmetologists and manicurists. The school prepares all graduates for the licensing exam and entry level positions in hair studios, spa salons and destination spas. Additional industry experience could lead to employment as a manufacturer, a salesperson, an educator, a distributor, a sales consultant, or as an employee in the administrative department of a cosmetology school.

Additional licensure is required in Missouri to become an educator in a school of cosmetology arts and sciences. There are many opportunities open to licensed instructors including Cosmetology School instructor, cosmetology school manager or owner, State Board Examiner, Guest Artist, and Vocational High School Instructor.

Safety Requirements

Safety suggestions for this profession include wearing shoes that would not be slippery when waling on a damp floor. Because you will always be working with water, there is a risk of water spills. Damp hair lying on the floor can also be pose a chance of slipping. All hair needs to be swept up following each haircut to minimize accidents. It is the responsibility of each stylist to promote a safe work environment. Gloves should be worn during chemical services to reduce any allergic reaction that an individual may have to certain chemicals. Any product that would accidently get into the eyes should be flushed thoroughly with water. Seek medical attention if irritation exists.

Safety Procedures

If there is an injury, notify an educator or staff member immediately. A first aid kit is located in the dispensary and the front desk.

Evacuation, Fire, and Emergency Exit Procedures

If you smell smoke or see fire, report it immediately to an educator or staff member. The school will announce a warning with further instructions. See page 25, *Emergency Notification System*, for more information.

Student Policies

These policies are important to your success at the school and are a condition of your enrollment. Our attitude must be positive to attract guests and friends. Demonstrate maturity and tolerance and the handling of difficult people and situations. Be pleasant and smile.

Learning

Subjects being taught are reviewed and built upon constantly. If a student does not understand a subject, he or she is encouraged to seek help from an educator for assistance. An educator's goal is to aid students in learning; a student's goal is to learn as much as he or she can. Students are strongly encouraged to apply skills and techniques learned in the classroom whenever possible. Students will be under supervision at all times, and should always obtain an educator's consultation before proceeding with guest services.

Appearance

Students are required to follow the Dress Code.

Conduct

Choose your words carefully. Swearing and other improper language are not tolerated. A professional does not complain or gossip. Do not gather at the reception desk, in the styling area, or around any station where another student is with a guest.

Family Education Rights and Privacy Act (FERPA)

The family education rights and privacy act (FERPA) (20 U. S.C. § 1232g; 34 CFR Part 99) is a federal law that protects the privacy of student educational records. The law applies to all schools that receive funds under an applicable program of the US Department of Education. FERPA gives students certain rights with respect to their education records. If the student is not 18 or older or a dependent minor, the parent or guardian has the right to access.

Students and parents/guardians of dependent minors have the right to inspect and review the student's education records maintained by the school. Schools are not required to provide copies of records unless, for

reason such as great distance, it is impossible to personally review the records. Schools may charge a fee for copies.

Students and parents/guardians of dependent minors have the right to request that a school correct records which they believe to be inaccurate or misleading. If the school decides not to amend the record, the student and parents/guardians of dependent minors then has the right to a formal hearing. After the hearing, if the school still decides not to amend the record, the student and parents/guardians of dependent minors has the right to place a statement with the record setting forth their view about the contested information.

Generally, schools must have written permission from the student in order to release any information from a student's education record. However, FERPA allows schools to disclose those records, without consent, to the following parties or under the following conditions (34 CFR § 99.31):

1. School officials with legitimate educational interest
2. Other schools to which a student is transferring
3. Specified officials for audit or evaluation purposes
4. Appropriate parties in connection with financial aid to a student
5. Organizations conducting certain studies for or on behalf of the school
6. Accrediting organizations
7. To comply with a judicial order or lawfully issued subpoena
8. Appropriate officials in cases of health and safety emergencies
9. State and local authorities, within a juvenile justice system, pursuant to specific state law

Schools may disclose, without consent, "directory" information such as students name, address, telephone #, date and place of birth, honors and awards, and dates of attendance. However, schools must tell students about directory information and allow students a reasonable amount of time to request that the school not disclose directory information about them.

Schools must notify students annually of their rights under FERPA. The actual means of notification (special letter, inclusion in a PTA bulletin student hand book, or newspaper article) is left to the discretion of each school.

For additional information or technical assistance you may call 1-800-USA-LEARN (1-800-872-5327). Individuals who use TDD may call 1-800-437-0833. Or you may contact us at the following address: Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Ave. SW, Washington D.C, 20202-8520.

Rights and Privacy

It is the policy of the school to abide by the Family Educational Rights and Privacy Act of 1974. This act guarantees a student right of access to the student's personal file and the students' rights to the privacy of that file. Parents/guardians of a dependent minor student, accrediting agencies, and government officials may gain access to a student's files without the expressed permission. It is the policy of Trend Setters School of Cosmetology, Inc. to comply fully with the FERPA. We comply with the act and addition we have the following policies:

1. Only an administrator or financial aid personnel may release student information when complying with FERPA.
2. No records are released without a signed and dated release of information form completed by the eligible student or parent.
3. Most of our students are eligible students because they are 18 years of age or older. When a student is not 18 or older, written permission must come from the parent.
4. No records are released to other schools unless all tuition and other charges due have been paid in full.
5. We do not publish a directory.
6. Students receive copies of their grades and attendance records on a regular basis and may distribute them as they see fit. We recommend that the student provide such information to their parents rather than requiring the parent to go through the financial aid office.

7. Each request for a release of information is good for a single time only. No such request can be a “blanket” or continuing and all-inclusive request.
8. We will conform with any future updates to FERPA.

To gain access to your education records, obtain the appropriate form from the administrative office. Complete form and return it to the administrator; they will provide access within 45 days.
